Every onshore expedition consists of an interesting and sometimes exhilarating tender excursion. View mangrove habitats, spot crocodiles basking on the mudflats, bird watch, fish, and experience the natural beauty of the Kimberley. Sightseeing from the comfort and safety of the *Kimberley Quest II* excursion vessels, which consist of three 5 metre tenders and the 11 metre shaded Quest Express.

Throughout your cruise you will visit places of historical, cultural and scenic interest, including the 1820 Mermaid boab tree, 1864 Camden Harbour settlement, King Cascade and many other exciting areas where there is the option to walk and explore with your guides. Some of the best Wandjina and Gwion Gwion (or Bradshaw) art sites can be viewed throughout your cruise. Wandjina art can be seen along the whole of the Kimberley coastline whilst the enigmatic Gwion Gwion art is located predominantly in the northern region. Our fishing activities have no rigid daily schedule, the captain and guides decide what areas will offer the best opportunities on each day. It is important to us that sustainable fishing is practiced, with only enough fish for the table kept. Mangrove Jack, Threadfin Salmon, Spanish Mackerel and Queenfish are among the fish species caught, not forgetting the prized Barramundi!

Swimming is an integral part of the cruise itinerary. Wherever possible our guides plan expeditions which include an opportunity to cool off in pristine picturesque spring-fed waterholes.
